2026 School Registration

14th Annual Try-A-Trade Interactive Education and Career Fair – Planning is in Full Swing!

We're excited to announce that preparations for the 2026 Try-A-Trade Interactive Education and Career Fair are well underway! This one-of-a-kind event offers students the opportunity to explore careers through hands-on experiences in a variety of trades and professions. It's a fun, engaging, and rewarding way for youth to discover the many career paths available in skilled trades and beyond.

According to projections, approximately 34,200 job openings are expected in the construction trades alone, driven by retirements and industry growth. And with increasing demand in sectors such as agriculture, tourism and hospitality, automotive repair, and production and maintenance, now is the perfect time to help shape the future of Saskatchewan's workforce.

School registration forms are due by September 30, 2026. To secure your preferred arrival time slot, we encourage you to register as early as possible—spaces fill up quickly!
