Make “Us” Your College of Choice

To enhance your employment opportunities, voluntary job placements and work experiences are incorporated into Skills Credit programs. Job coaches support students through preparation and on-site support. NWC students get hired.

Career Counselling

Are you just out of school or between jobs? Are you looking to make a career change? Come see our career counsellors to assist you with your career decisions and training plans. They will help you reach your goals. Our supportive staff can assist you with:

- Resume building
- Academic planning
- Financial assistance options
- Job search skills
- One-on-one confidential career planning
- Portfolio development

Contact Student Services at the Battlefords Campus at 306-937-5126 or at the Meadow Lake Campus at 306-234-5107.

Student Services

Our Student Services staff are here to help you reach your goals. We provide students with assistance in their academic or personal life. Students may seek individual counselling, referrals to outside agencies or access to tutors. We strive to build a supportive and fun learning community and offer a variety of activities which have included Welcome Day, Lunch & Learn, Career Fair, Community Fair, Fitness Challenge, Family Swim Nights, and Family Bowling among others.

WELCOME TO NWC

Student Residence

A great Place to live!

Fully furnished!

Quality and affordable student housing is available at Meadow Lake Campus. The residences include a mix of 1, 2, 3, and 4 bedroom units to suit your budget. Family rates for 2 or 3 bedroom units are also available.

Visit www.northwestcollege.ca/housing.html for a virtual tour and an application form.

For more information call the residence clerk at 306-234-5121.

Your Success Matters!

Business

Battlefords Campus Meadow Lake Campus

The one-year Business certificate program gives you a well-rounded business foundation for entry-level positions. You'll learn core business concepts, including accounting, finance, management, computers, marketing, insurance, human resources and more.

Office Administration

Battlefords Campus Meadow Lake Campus

Office Administration is a one-year certificate program that provides knowledge and skill development related to the business office environment. This program will have an emphasis on computer applications. Instruction will include projects that will give you a hands-on understanding of the demands and rewards of work in an office setting.

Expand your Horizons

The Continuing Care Assistant Program

Battlefords Campus Thunderchild First Nation

The Continuing Care Assistant program allows you to make a difference in someone's life everyday. This program is a one-year certificate program. If you enjoy caring for others, the Continuing Care Assistant program might be right for you. You'll work directly with clients in long-term care, home care, assisted living, and even special needs classrooms. You will help them with mobility, personal care, assisting them to eat their meals and medication monitoring. Your clinical work experiences will give you a taste of different work settings offering you a strong foundation as a health care support staff.

Part-time programs are available by modules in:

- Debdon
- Meadow Lake
- Spiritwood

Please refer to page 12 and the College website for information on dates and tuition.

Early Childhood Education

Battlefords Campus

Early Childhood Education is a one year certificate program that gives you the knowledge and skills needed to work in a variety of child care settings. You'll receive well-rounded training in child and adolescent development and child guidance techniques. You will receive hands-on experience developing programming for creative arts, language, cognitive, social and emotional development. Through observation, documentation and building positive relationships with families and employers, you will grow in confidence as you enter this exciting career.

You will have a ball in ECE.

23 communities
including
14 First Nations

Practical Nursing

Battlefords Campus **Meadow Lake Campus**

The two-year Practical Nursing diploma program trains you to be a vital part of today's health care team. You will learn to provide compassionate, professional nursing care to a full range of patients from infants to seniors in acute care, long-term care and in the community. You will get hands-on clinical experience allowing you to grow into a confident nurse before entering the job market.

Applications are accepted from
Feb 25 - May 25, 2016
Battlefords Campus.

Youth Care Worker

Battlefords Campus

The one-year Youth Care Worker Certificate program will help you develop the skills you need to build healthy relationships with children, youth and families. You will get practical experience planning and implementing activities geared towards youth. You will learn about Aboriginal awareness, addictions and the criminal justice system, behavioural intervention strategies and therapeutic activities, among others making you a valuable support staff for youth in your community.

Primary Care Paramedic

Battlefords Campus

Primary Care Paramedic is a part-time certificate program offering you an exciting career as a first responder. You will learn to work under pressure helping people of all ages who are in crisis. You will gain experience by delivering pre-hospital emergency care in both hospital and ambulance practicums. This exciting program is industry recognized with the opportunity to write the provincial licensing exam.

Don't let your career flatline - become a Primary Care Paramedic.

Quality Workforce Training

Electrician

Battlefords Campus
Meadow Lake Campus

Electrician is an applied certificate program in a field that is in demand. You will acquire entry level skills training in electrical installations and perform maintenance duties according to industry standards. Trade time and academic credit may be available for graduates who find employment in the trade and register as apprentices. Get started in this high voltage career today.

Heavy Equipment & Truck & Transport & Agricultural Technician

Meadow Lake Campus

Heavy Equipment and Truck and Transport and Ag Technician is a one-year certificate program. It provides knowledge and skill development in servicing, maintaining, testing, diagnosing and repairing heavy equipment, trucks, buses and transport vehicles. Graduates will receive training for levels one and two of the apprenticeship for the Heavy Duty Mechanics, and Truck and Transport Mechanics. NWC has an excellent lab, fitted with the latest equipment including computer simulation technology giving our students the best training possible. The agricultural component focuses on farm machinery. Get geared up for this program today.

Hairstylist

Battlefords Campus

Do you want to be "a cut above"? Hairstylist is a one-year certificate program. This program will provide you with practical experience in a salon while helping you complete your 1500 hour pre-employment program. You will learn how to perform techniques on hair, wigs, hairpieces, skin and nails, as well as salon management. The program provides an apprenticeship period of up to two years. Graduates of the Hairstylist program have the opportunity to move directly into Esthetician training expanding your skills and giving you another exciting career option.

VALUES

- Excellence
- Integrity
- Invested
- Innovation

Institutional Cooking

Meadow Lake Campus

Institutional Cooking is a 17 week applied certificate program. This foundational program provides the knowledge and trade skills needed for preparing and serving food in commercial and industrial settings. A great program to kick start your career. Whether you want to work in a restaurant, hospital, mining company or cruise ship, this program is respected by employers and will get you started towards your goals.

Professional Cooking

Meadow Lake Campus

Do you love to cook? North West College's new Professional Cooking is a one-year certificate program which offers the hands-on training necessary to work as part of a culinary team. The Professional Cook certificate earns you a full year of apprenticeship toward becoming a journeyman cook. This is your first step toward becoming a Red Seal cook, an interprovincial standard of excellence recognized across Canada. This is an exciting career that has a tasty pay-off.

Plumbing & Pipefitting

Battlefords Campus Meadow Lake Campus

Plumbing and Pipefitting is an applied certificate program. This training gives you foundational knowledge and hands-on experience in plumbing installation, water supplies, waste systems and plumbing fixtures. This 17 week program will get you starting on a great career path in no time. Take the plunge into this great career.

Welding

Battlefords Campus Meadow Lake Campus

Welding is a one-year certificate program where you will build knowledge and skills in operating welding equipment and performing basic welding operations. You'll get hands-on instruction in cutting process, gas metal arc, as well as learning general shop practice and shop safety. Trade time and academic credit may be available for graduates who find employment in the trade and register as apprentices.

We know how to meld education with exciting career opportunities!

Bachelor of Education (B.Ed.)

Meadow Lake Campus

In partnership with the University of Regina, North West College is offering a full four year Bachelor of Education (B.Ed.) degree. Applicants with prior university credits may still have an opportunity to join this cohort.

For more information, please contact North West College Meadow Lake Campus at 306-234-5100 or website at www.northwestcollege.ca

Bachelor of Education After Degree Program

Meadow Lake Campus

This program is designed to provide a unique cohort model of teacher education which supports potential students, who already have a degree in becoming teachers.

All students wishing to apply must do so through the online application process at - <https://urconnected.uregina.ca>

Application deadline: April 1, 2016

Supporting Your Pursuit of Success

Pre-Social Work

Battlefords Campus Meadow Lake Campus

Students wishing to pursue the Bachelor of Social Work (BSW) from the University of Regina should first enroll in the 30 credit hour Pre-Social Work Program. The Pre-Social Work program requirements must be completed in order for students to apply for admission to the BSW program. The Pre-Social Work courses are all available at North West College.

Bachelor of Science in Nursing (BSN) Pre-Professional Year

Battlefords Campus

With this pre-professional year you are eligible to apply for the remaining three years of nursing education at the University of Saskatchewan in Saskatoon, leading to a Bachelor of Science in Nursing (BSN).

The pre-professional year will be foundational to the nursing program and will include courses in the humanities, natural, social and health sciences. It will prepare you to play a vital role as a Registered Nurse (RN) in the health care system.

91%

Aboriginal University student success rate

Get off to a fantastic start by taking your first year of almost any university program right here at the College.

North West College offers many university courses through face-to-face or distance learning; either televised or online. Contact Student Services for more information.

Make the transition to university in an environment that fosters academic success. Through partnerships with the University of Regina and the University of Saskatchewan, NWC provides you with an opportunity to acquire your first year of classes for most degree programs. Students can enjoy the interaction with professors in the many face-to-face classes or participate in the televised and online offerings.

All you need to do is go to the university's website and fill out the application form.

<https://urconnected.uregina.ca>

Stepping Stones to Success

Many adults who did not complete a high school program of instruction have continued to learn through a variety of experiences encountered in everyday life. The purpose of the GED testing program is to provide an opportunity for these individuals to have the learning gained from such life experiences evaluated and recognized.

GED Assessment

Assessments allow individuals to take an official GED practice test to indicate their level of readiness.

Check out page 23 to learn how

Level 1 - Literacy

Level 1 Literacy programs are designed to help adult learners in their everyday lives-as family members, community members, and workers. The focus is on those general skills, abilities, and aptitudes needed to function in day-to-day life.

Level 2 - Pathways

Level 2 programs can be focused on academics or employment readiness. They are designed to develop skills, attitudes and abilities to help students gain prerequisites for further training or employment. It focuses on enhancing skills such as technological literacy, communication skills, portfolio development and life skills.

Level 3 - Adult 10

Level 3 courses (Communications, Social Studies, Life/Work Studies, Mathematics and Science) are designed for people who want to build on their knowledge and skills. Learners who complete Level 3 successfully go on to further education, training, or employment opportunities.

Level 4 - Adult 12

Level 4 students are required to complete seven 30-Level credits including: English (2 credits), Math (1 credit), Science (1 credit), Social Studies (1 credit), and Electives (2 credits). Students may be eligible to receive a Prior Learning Credit as one of their electives if they have 20 weeks of full-time work experience or have completed a course that is equal in weight and rigor as a 30-Level course.

Essential Skills for the Workplace

ESWP programs focus on providing learners with enhanced literacy and numeracy skills, as well as incorporating employment information and readiness (including work placements) into programs. The programs will assist participants to enter the workforce.

please contact EAL Coordinator at 306-937-5124.

Face to Face

First Aid/CPR "C" - \$160+GST

A modular course for those who want to learn more than basic first aid skills. This course offers an extensive selection of options and meets the Saskatchewan Occupational Health and Safety regulations.

Recertification - \$100+GST

Safety Construction Orientation Training (SCOT) - \$50+GST

The Safety Construction Orientation Training (SCOT) program is an interactive, online-training course composed of 13 modules, each focused on a different fundamental aspect of worksite safety. SCOT is convenient, easy-to-understand, interactive and accessible. The program begins with an introductory module that describes the content, purpose and important practical information necessary to help participants navigate through the training experience.

PLEASE CALL BATTLEFORDS CAMPUS OR MEADOW LAKE CAMPUS FOR MORE INFORMATION

Enform H2S Alive - \$160+GST

This course is intended for all workers in the petroleum industry who could potentially be exposed to hydrogen sulphide (H₂S). This course covers the physical properties and health hazards of hydrogen sulphide, how to protect yourself and basic rescue techniques.

Global Ground Disturbance - \$160+GST

This course is essential when working in the oil and gas industry. Students will learn the causes of cave-ins, pre-job planning, job safety and trenching regulations.

Confined Space Entry & Monitor - \$165+GST (OSSA approved)

This course prepares candidates to work safely in confined spaces and is ideal for workers, supervisors and safety personnel. Learn practical safety skills including entries into a confined space and rescue simulation wearing self-contained breathing apparatus.

If you require training in a course not listed, please contact the College.

Fall Protection - \$165+GST (OSSA approved)

This is intended for workers, supervisors, managers, and safety personnel involved in drilling and service rig operations. Topics covered include fall protection, legislation, control levels, anchor and free fall, full body harnesses, connecting components, fall distance calculations and specialized fall arrest systems.

Online

TDG - \$50+GST

This 4 hour course includes TDG legislation, classification, safety marks, documentation, safe handling, incident reporting, and emergency response.

Fire Extinguisher - Danatec - 50+GST

This online Fire Safety program based on the Ontario Fire Code will provide the knowledge necessary to prevent fires in the workplace. It also focuses on the basic elements of fire prevention and protection.

WHMIS - Danatec \$50+GST

The Workplace Hazardous Materials Information System (WHMIS), Canada's national hazard communication standard, has incorporated the Globally Harmonized System of Classification and Labeling of Chemicals (GHS) – an internationally recognized standard for hazard classification and communication.

Both

National Food Safety Training Program - \$90+GST

This course covers introduction to food safety, biological hazards, food safety hazards (chemical, physical, allergen), facilities, design and construction, equipment and utensils, control of hazards (from purchasing to service/distribution), cleaning and sanitation, pest control, employee & visitor illness, injury and hygiene, education and training, and program management (HACCP). National Food Safety Training Program is delivered face to face and online by appointment.

Enhance Your Computer Skills

ABC's of Computer Literacy

Discover your computer's capabilities and become familiar with the Windows environment and file management. Develop proficiency with the internet, email, and Microsoft Word through hands on practice. You will be introduced to the potential of Excel and Powerpoint. This is a beginner class.
